## Editorial

**THIS IS A FINE KETTLE OF FISH!**  
 The following bit of interesting reading appeared in the daily press but in case anyone missed it, it is repeated in this column along with comment.

Owen Sound, Oct. 31.—The Ontario Hardware-Electric-Tooler Commission will continue to sell electrical appliances to its employees below wholesale prices. This announcement was made today following settlement of a dispute over such sales with the Ontario Retail Hardware Merchants.

Spokesmen for both organizations refused details of the agreement.

T. J. Thomson, Owen Sound hardware store operator and president of the Retail Hardware Association, said only that the dispute had been fully resolved to the satisfaction of the executive of the association and in the best interests of the Ontario members.

This is a fine kettle of fish. Here we have a nice little arrangement worked out by the Ontario members of the two principals in the deal, one of whom submits on public funds as a public enterprise and both of whom decline to let the public in on it.

It must give the people who use hydro and buy electrical appliances a sense of guilt possible for collaboration of they are privileged to make it possible for collaboration of this sort to exist between the two parties concerned. Isn't it wonderful to think that by simply having electric power and paying full retail price for appliances, we are making it possible for employees of Ontario Hardware Electric to purchase their appliances at below wholesale prices?

The real gem of the deal is contained in one phrase which bears repetition: "Spokesmen for both organizations refused details of the agreement."

Since when can a public-utility-owned, and hydro is just that, refuse information to the public on any of its activities? The moment it does this it ceases to be public enterprise and the public should demand a showdown. The moment settles have arrived.

Why should employees of Ontario Hydro, all whom are as well if not better paid than those who use their power, be able to buy appliances at less than wholesale prices while the rest of the community has to pay the retail price? What's subsidizing who? What are the benefits to the appliance industry? Why refusing to talk about it in any newspaper? The moment it does this it ceases to be public enterprise and the public should demand a showdown. The moment settles have arrived.

## Turning Back the Calendar

**November 2, 1910:**  
 Manager Ronkig has been successful in obtaining the reperformance in Lindsay of the late, wonderful little professional singer, who has been on her tour for many years in our city. The public will no doubt remember that lax policies regarding the G.T.R. strike proved to be a costly error in judgement on the different part of the G.T.R. The public will no doubt remember that lax policies regarding the G.T.R. strike proved to be a costly error in judgement on the different part of the G.T.R. The public will no doubt remember that lax policies regarding the G.T.R. strike proved to be a costly error in judgement on the different part of the G.T.R.

**November 2, 1935:**

The 1935 Lindsay Central Exhibition passed into history leaving in its wake a nice surplus according to a report just according to a report submitted at the regular meeting of the Board of Directors. Taking into consideration the type of weather experienced during Fair days and the fact that the grand stand performance did not live up to the expectation of the directors, it was felt by all that a credit balance of approximately \$2,644.58 was a real accomplishment. Pres. A.J. Varcoe complimented the Board on the splendid efforts they had put forth in the interest of the Fair which were largely responsible for its success.

**Tea, bake sale, bazaar held  
 by Ladies Aid Society**

Glenarr (PNS) The Tea Bake Sale and Bazaar held by members of the Ladies Aid Society of Glenarr church was a success.

Mrs. McDonald, wife of our minister, Rev. McDonald opened the Bazaar with prayer while Mr. Wesley Black was cashier for the afternoon.

The bazaar tables arranged around the schoolroom were well patronized including miscellaneous food and take the candy and grocery table, a variety of fancy work such as aprons, pillowcases, cushions and knitted goods all suitable for Christmas gifts were sold. Everything from spaghetti to bread to home made soup were on hand to be purchased.

The Bake Table displayed many delicious pies, cakes, tarts, pickles, to tempt the buyers and practically everything was sold before the close of the afternoon.

Afternoon Tea was served the ladies from small tables covered with small containers of cut flowers while behind the scene but no less important were the ladies arranging the plates of sandwiches, relishes and small cakes.

Despite the many other attractions of the bazaar the Bazaar was well attended and financial results were most gratifying.

**TRAVEL GUIDE AND COOKBOOK**  
 Food expert Charlotte Adams has dispensed culinary wisdom to millions of Canadian and American cooks via magazine and the airwaves without ever leaving New York - but for her recently published SAS World-Wide Restaurant Cookbook she travelled to thirty-seven foreign countries around the globe to collect the hundreds of recipes appearing in the unique guide to cosmopolitan cookery. Made possible through the cooperation of Scandinavian Airlines System, the SAS World-Wide restaurant Cookbook was published by Random House earlier this year.

The new recipe collection offers a double bill of fare, designed for the gourmand at home or abroad. It not only brings the world's new recipes in the complete and distinctive cookbook - it's also a gastronomic travel guide to 337 restaurants in Europe, the Far East, the Middle East, Canada, the United States. The thirty-eight countries represented in the book include all the most popular tourist spots as well as such exotic lands as India, Japan, Thailand, Egypt, Greece, Israel and Chile.

**OBITUARY**

**Betty Kinnell**

Betty (Walker) Kinnell, of Lindsay, passed away suddenly at her home, 11 Albert St. N. on October 2, 1962. She was in her 58th year.

The deceased was born in Annanagh Top, near Shelbourne, Ontario, she was the beloved wife of Leslie Kinnell and was the daughter of the late John Walker and the late Martha Jane McCullough. She had resided in this locality for the past 16 years, attended the United Church and she loved her home and her friends.

Left to mourn her loss is her husband, and left to mourn the loss of a loving sister are: one brother, Arthur, of R. T. J. Waldean, and two sisters, Doris (Mrs. R. Manwaring), Dearborn, Michigan; Irene, (Mrs. R. Byer) of Willowsdale, five brothers, Ernest, Samuel, William, Joseph, Alfred and three sisters, Della May, Martha, and Hazel predeceased her.

Funeral services were held from the Mackey Funeral Chapel at 2 p.m. on October 4th, 1962, and conducted by Rev. Alden, of Cambridge St. United Church, Lindsay. Interment at Riverside Cemetery. The pallbearers were former neighbors of the deceased: George Reed, Carlisle Mander, Arthur Agard, Clifford Mander, John Vout, Trevor Monk.

**Special Degree**

**Night**

Omeonee (PNS) Special degree night was held when King Edward VIII 625 were host to some 125 Sir Knights from surrounding precpector. The Forbore degree exemplified the Red Cross degree upon 7 candidates.

Refreshments were served by a ladies committee. Speeches were made by prominent members, including Rev. Sir R. Sydney Brown, Rev. Bro. Morgan Brown, Peterborough, Rev. Sir R. Terry Devell, Grand Master of Ontario East and others.

Prior to the meeting a parade was held, led by a kilted band and 12 pipes and a drummer.

## Little Britain

News for week ending Oct. 29.  
The Tabernacle Tests and Clinics which were held at the Little Britain L.O.O.F. Hall last week were well attended and a special thank you is extended to Mrs. Howard Terrell, Mrs. Stewart Chidley, Mrs. Gifford Webster, Mrs. As via Taylor and Mrs. Harold Moore whom were among those assisting with the survey.

Mr. and Mrs. Fred Palmer motored to Sudbury where they spent a weekend with Friends and relatives and Mr. Walter Everson spent a week with his nephews and niece Mr. and Mrs. Clarence Tamin and also his sister Mrs. Lillian Stone near Cambridge.

Messrs. Ross Teel and Alvin Pound as delegates & representatives of Little Britain Baptist Church attended the Annual Baptist Convention which was held at Dorchester Presbyterian churches in Toronto. Mr. Norman Engelson called on his brother and his wife Mr. and Mrs. Herb Engelson at Seagrave and Mr. George Avery Sr. has returned after spending an enjoyable holiday with his son-in-law and daughter Mr. and Mrs. Lloyd Bradley at Brooklin.

Mr. Loy Rogers, of Zion (Mariposa), is now busy engaged making renovations to the dwelling in the village which he purchased from the Late Matilda Hooper Bafate, and Mr. and Mrs. Rogers intend moving into their new home in the near future. The Little Britain Hockey Club are at present making

## Bible Class holds rummage sale

Miss Jane Ann Huston was the inaugurator of a very successful Bibles Sale held by the Bible Class of the St. Andrews Presbyterian Church, Lindsay, in the Sunday School room.

Miss Huston, the Secretary of the Bible Class, conceived the idea and went around and canvassed all the members of the class, and the idea proved highly satisfactory.

Two tables, full of delicious goodies, one with muffins, tart, jam and other smaller items, and the other with large cakes, pies etc., were very quickly sold right out to the lucky folks who were at the sale in time to obtain them.

Helping with the sale were the president, Arol Fairbairn, Kathy Kingborough, Margaret Wainman, Bill Endicott, Bill Dermesty, Ken Bradburn, Morley Bradburn and John Graham.

The proceeds from this very successful venture are to be allocated to the general funds of the Bible Class, and many thanks are due to these young folks who worked so hard for this worthy object and to the people who came and supported them.

preparations for their annual Fancy dance at the L.O.O.F. Hall which will be held early in December and there will as usual be a draw made at the conclusion of the event for Turkey, Geese and Capons which will be presented to the holders of Lucky Tickets.

**THE CBC PLAYS INTO ITS HANDS**  
The CBC "Newsweek" has made the Canadian "Zair" party a great service — it has given a batch of publicity which would cost it a fortune otherwise. It has also given the people a good idea of a great service — it has made a lot of radicals and upstarts aware of an organization which may attract them. It has also made it clear to the public that the CBC should this party gain in strength and cause serious trouble in the future, the CBC can get out of its bad position on the fact that it played a part in it.

Any political (and the word is used here loosely) party which badly profits from the publicity of the CBC is a party which is a course of anti-semitism and white supremacy cannot be looked to for anything but trouble. It has a grudge and a chip on its shoulder and it is not likely to change its attitude and to make any innocent people.

The only people who should be interested in publishing the CBC's "Newsweek" are the people who might care to circulate other police forces throughout Canada to warn them to be on the lookout for activities which might be motivated by the CBC. It may be suggested that this is a free country and as such the Nazis have a right to organize and get on with their activities. —

It is a fact that the organization which would jeopardize the freedom of others has no right to enjoy the protection of a free society while its tentacles are allowed to grow.

The leader of the Canada Nazi party makes no bones about its party line. He says the party has no other aim than to bring about the return of Adolf Hitler's rule to Canada. He says the party is a party of white supremacy and white supremacy and that should the Nazis be elected to power in Canada, he will set up political censorship camps.

**CLEAN THEM OR THEY MAY BURN**  
It is a fact that the fall season is the fall season to touch off a couple of live stock and chimney fires in Lindsay. One Monday night and another this morning.

That the fire was caused by the chimney is a fact. The fact is that the chimney was not properly equipped and the man to man it. Even so it was touch and go as to what had happened to the chimney. It was the chimney that was the problem.

Firemen pointed out afterwards that chimney fires are, as much as the chimney, a problem of the chimney. It is a fact that the chimney is a problem of the chimney. It is a fact that the chimney is a problem of the chimney.

It's a pretty simple matter to clean out a string of pipes and the chimney well. Clean them out or they may burn and burn and burn.

**SHOW GOOD REASON WHY IT SHOULD GO TO PASS**  
It looks that the last vestige of CNR passenger train service in and out of Lindsay is about to disappear. The CNR has decided to discontinue the service and to replace it with a bus service.

Lindsay and about 13 other centres along the CNR's Toronto-Bellefleur line can show good reason why it shouldn't be discontinued.

No one likes to see the town cut off from railway passenger service but who can argue against its convenience when the CNR can produce no evidence to show it is not profitable but strictly a losing proposition? In his Wednesday submission to members of Lindsay's council, Sgt. A. R. Williams said he hoped the council would support a resolution supporting its brief for discontinuance of passenger service through the town. He also told members that any objection to the proposal should be backed up by more than a sentimental desire to see it continue. "That is a fair request."

The railway produced figures to show that passengers served by Belleville averaged two or three per train with a record number of four during the period under study. The same low averages prevailed for passengers served by Lindsay. It was the low figures that the railway's finding that it could effect a net saving of \$283,000 by discontinuing the passenger service. Passenger revenues for the line were estimated at \$65,000 and the total cost of maintaining the Toronto-Bellefleur line \$330,000.

In the face of these statistics, it is fairly obvious that the Dept. of Transport won't be inclined to support any objections from municipalities which fail to show "good reasons" for continuing the service.

Like several of the councillors attending the meeting, we are inclined to wonder if the railway has made any attempt to make the bus passenger service operation profitable. However, merely wondering about the situation doesn't cut much in the line of operating decisions.

Can anyone come up with "good reasons" why rail passenger service through Lindsay by the CNR should be discontinued?

**REPORT ON COUNTY JAIL**  
**CONTAINED FEW SURPRISES**

The report of the Grand Jury following its inspection of Victoria County Jail contained a few surprises, except perhaps, the fact that there wasn't a fire extinguisher in the place.

It would be unfortunate indeed if the jury's report remains just a report. The county property committee has a clear responsibility to correct those deficiencies which have been brought to public attention.

To say that conditions at the jail are "mediocre" is no exaggeration. They are all of that and this fact is not the only one which the jury has pointed out.

There are things in connection with affairs at the jail, other than those mentioned in the report, which should be brought to the public's attention. It is a fact that the jail is a place where the inmates are the accommodations for prisoners to maintain their personal appearance. A man wishing a shave, for example, has to wait a pretty good while, using a safety razor in dim light and with the guidance of a mirror.

For which he has better days. It's a mighty good job they don't have to shave with a straight razor which actually would seem more in keeping with the facilities than a safety razor. It is a fact that the jail is a place where the inmates are the accommodations for prisoners to maintain their personal appearance. A man wishing a shave, for example, has to wait a pretty good while, using a safety razor in dim light and with the guidance of a mirror.

There is an thing to be said in favour of the present county jail. It should discourage the average person from coming to the jail to see the inmates. It is a fact that the jail is a place where the inmates are the accommodations for prisoners to maintain their personal appearance. A man wishing a shave, for example, has to wait a pretty good while, using a safety razor in dim light and with the guidance of a mirror.

**WHY THE GREAT URGENCY?**  
Town council expressed concern this week about where the people in the annexed portion of Lindsay would be taken if the annexation were to take place. Would they be called upon to help elect a Lindsay or an Ops council?

It is a fact that the annexation of the Lindsay portion of the town is a fact. It is a fact that the annexation of the Lindsay portion of the town is a fact. It is a fact that the annexation of the Lindsay portion of the town is a fact.

**EVERYONE'S TALKING ABOUT THE FEDERAL BY-ELECTION**

It is a fact that the federal by-election is a fact. It is a fact that the federal by-election is a fact. It is a fact that the federal by-election is a fact. It is a fact that the federal by-election is a fact.

**THE PETROBURGH BY-ELECTION**

It is a fact that the Petroburgh by-election is a fact. It is a fact that the Petroburgh by-election is a fact. It is a fact that the Petroburgh by-election is a fact. It is a fact that the Petroburgh by-election is a fact.

**Matters of Interest**

The past can often provide the model of wisdom for today. John Wesley once said about the Bible, "It is the book which contains the most perfect wisdom and the most perfect knowledge of God and of man."

The occasion of Canadian Weekly Newspaper Week seems an opportune time to pay a well-merited tribute to the faithfulness and efficient service performed by reporters in the villages and communities.

Many of these correspondents have served loyally for many years. At the time of the war, they have rendered a valuable service to their respective communities in publicizing the activities of organizations and in the progress of the war.

communities in publicizing the activities of organizations and in the progress of the war. Actually, this constitutes an historical record of the development of many enterprising communities, one of that is great value. A rural community in progress can render a service to her community that could not otherwise be obtained.

The act of being a correspondent is no sin. As it involves considerable planning and interviewing in gathering the news and preparing it in the form of copy for the typewriter operator. You, who live in these communities, could render a most appreciable service to your particular community by phoning your news to him or her, instead of making him phone you. You also bear in mind that the correspondents are the backbone of most weekly newspapers, for many native sons and daughters of the surrounding districts also bear a part in the work of the news.

It is a fact that the newspaper is a fact. It is a fact that the newspaper is a fact. It is a fact that the newspaper is a fact. It is a fact that the newspaper is a fact.

# THE HUMAN MIND AND BODY

By Peter J. Stenroos, M.D. F.A.C.P.

**KIDNEY CYSTS**  
Dear Dr. Stenroos: Will you please tell me something about kidney cysts? My husband is unable to urinate after you tell me something about kidney cysts.

**ANSWER:** The condition you mention is not a common kidney ailment. It is what we call a congenital condition; something that some people are born with. My husband has had these deformed kidneys (full of cysts) all these years.

As in many such cases, it is due to the fact that the kidneys are not properly developed. The kidneys are the organs of the body which filter the blood and remove the waste products of the body.

It is a fact that the kidneys are a fact. It is a fact that the kidneys are a fact. It is a fact that the kidneys are a fact. It is a fact that the kidneys are a fact.

### Discovered Omemee boy's badge design adopted

#### Wednesday

A total of 11 breakins with two days have been discovered by provincial police in the Thunder Bay area. Most are car thefts, but the list also included two dance halls and a hotel. Seven of these offences were reported by the police on Wednesday at Kenilworth Beach. Police said that of these seven offences were reported by local police. Stewart Chidley of Little Britain, and Walter Keeney and Earl Pitt of Lindsay.

Police say investigations so far point more to malicious damage than theft, but that a better idea of why, if any were, have been stolen is not available until all owners have been notified and inspected their cars.

The last seven breakins reported are being investigated by OPP Constable Jim Miller during a district detachment.

## "Not guilty" verdict returned in criminal negligence case

A petit jury brought in a "not guilty" verdict at the Supreme Court last session in the case of William Alexander McDonald, a Peterborough taxi driver, charged with criminal negligence following the traffic accident death of a young man.

The accused himself, aged 30, was charged with criminal negligence following the traffic accident death of a young man.

All witnesses agreed that McDonald's driving was poor, due to the traffic accident death of a young man.

## Might appreciate railways more if knew highway subsidy cost, McQuarrie tells meeting here

If people knew what it may cost them to take dollars to the highway, they would appreciate railways more, says a speaker at a meeting here.

James McQuarrie, a Toronto lawyer, expressed this opinion during a meeting between CNR officials and Lindsay officials on Wednesday.

McQuarrie said he felt it was the government's duty to subsidize railways at least as much as it does highways. He viewed the proposed discontinuation of rail service as a loss to the community.

He said that if the government were to subsidize railways at least as much as it does highways, he would appreciate railways more.

## Ontario sales tax in '61?

Toronto, Oct. 27- (UPI) — The Toronto Telegram said that it may direct sales tax in Ontario in 1961, but it is a virtual certainty today.

"It is no secret in financial circles at Queen's Park that Ontario's Finance Minister, John D. Wilson, is considering a sales tax in 1961," the Telegram said.

It said the certainty of a sales tax became clear after the Ontario Provincial Council's decision to approve a sales tax in 1961.

The Telegram said that along with a direct sales tax in Ontario, it will probably lead to a 25 per cent hike in premiums on its Hospital Insurance Plan.

## Disrespect of some hunters for farm properties cited by Ontario County farmers

The disrespect of some hunters for farm properties within the county, caused considerable discussion at the regular meeting of the Directors of Ontario County Federation of Agriculture. The meeting was held at the Ontario County Fairgrounds in Deseronto. Several farmers, it was reported, have been insulted when trying to hunt on their property. A resolution was passed by the directors and has been forwarded to Ontario Federation of Agriculture for consideration at its annual convention.

Another item on the agenda was the committee's report of the plans for the forthcoming Ontario County Annual Meeting. The meeting will be held in Uxbridge, Ontario, on Thursday, November 27.

# And so it ended...

Ottawa, November 23—UPI.—The character of a certain Quebec resident named Jan Lesage was the subject of a long-winded exhortation by the House of Commons today. It seems that a letter addressed to the Premier of Quebec—"Hon. Jean Lesage, 34 Rue De La Fabrique, Quebec, Quebec"—was returned to the sender with the notation: "Left no address."

Postmaster General William Hamilton suggested that the post office employees who returned the letter probably thought Lesage "was only residing temporarily at his present address."

# Lindsay audience enjoys The Canadian Players "Julius Caesar" production

A highly appreciative, though comparatively small audience turned out Tuesday night to see a production of William Shakespeare's play "Julius Caesar," by the Canadian Players.

Such limited lines as "The valiant only taste of death but once," and "Not that I loved Caesar less, but that I loved Rome more" rang with authority in the ears of the spectators, although many were using an actual production of the play.

# YOUR FUTURE MAY BE IN HIS HANDS!

Soon the Accredited FAME Canvasser in your township will be knocking at your door. Welcome him into your home. This man may hold your future in his hands—your future as a farm producer now harassed by increasing costs, diminishing income and the growing threat of contract farming. This man represents FAME, Farmers' Allied Meat Exporters Co-Operative Limited, a powerful organization of farm producers dedicated to a better, more rewarding life for you and the community in which you live. FAME will place under the farmer's control a province-wide network of processing plants that will brand, merchandise,

warehouse, transport and sell fresh meat and processed meat products to the retail trade. FAME will devote its effort to increasing your share of the consumer food dollar. FAME is now issuing debentures to initiate its program in Ontario. These debentures bear 6% interest. FAME Co-Operative Debentures are a first-rate investment, not only in terms of financial security, but in terms of the long-range economic future of every farm producer in Ontario.

# Successful Thoroughbred partnership may dissolve at end of racing season

Toronto, Nov. 23.—(UPI)—The 50-year hook-up will come to an end at the end of the racing season. Speculation is that owner partnership will probably dissolve at the end of the racing season. Rumors that the partnership between Larin Maloney and Gene Swendson have been circulating around New York since last year's season—but yesterday the announcement by trainer Carl Chapman that he will take over the ownership of the 252 thousand 138 dollars that he has won last season have denied the split-up but if it is true, the split-up will be at the end of the racing season.

## SLIGHT FAVORITES

The oddsmakers have installed the Edmonton Elks as slight early favorites to win the Grey Cup against the Ottawa Rough Riders on Saturday. Vancouver bookmakers recorded only light betting activity, but said the West's Clonderella expects a slight 140 favorite for the Grey Cup in the west. Both sides held indoor drills yesterday after they arrived. Ottawa in Vancouver and Edmonton in Victoria. The two teams were greeted with near freezing temperatures, rain and sleet.

## FESTIVITIES BEGIN TODAY

The Grey Cup festivities begin today with the selection of Canada's three outstanding players. The "Mr. Everything", Jackie Parker, and Edmonton's Chester Brown are being put on the outstanding player of the year, while Ottawa stars Ron Stewart and Jack Vaughan are in the running for the Canadian player and lineman of the year.

## EXCITEMENT, BITTERNESS

Excitement in Minneapolis and St. Paul. Bitterness in St. Louis. That sums up the reaction to the announcement that Minnesota is going to the Rose Bowl, champions of Minnesota state paraded over the thousands in Minneapolis. At one point the columns of cheering, chanting students were two blocks long. Auto horns blared, drums and bugles were sounded, traffic jammed up. Team-mates joined the mass celebration. As the University of Iowa, students were first stunned, then bitter. University officials were not available for comment, but the students were, one called it a raw deal, others a check of the records would show Iowa was the better team, Iowa and Minnesota tied for the big ten title. However, the Gophers defeated Iowa 27-0.

## ANNOUNCES SIXTH ROUND SELECTIONS

The American Football League has announced the sixth-round selections in its telephone "pardon draft". The first five rounds were announced Monday. In the sixth round, Buffalo took halfback Fred Brown of Georgia. New York picked fullback Bill Brown of Illinois, and Denver chose halfback Dale Evans of Kansas state. Boston picked tackle Barry Ebenhauser of Boston College, Houston went for Mississippi quarterback Jake Gibbs, and Oakland selected halfback Bob Crenshaw of Mississippi. One choice gained in a trade from Dallas, Los Angeles took halfback Calvin Rife of Kentucky. The A-F-L says Los Angeles has one more choice.

## CLEBURTS 73 FAVORITE

Canadian heavyweight champion Bob Cleburts is a firm C-2 favorite in Montreal tonight and that set up a fight with British Empire champion Henry Cooper of Britain next February. Montreal promoter Eddie Quinn dangled the February British Empire fight in front of both fighters on the eve of their Canadian title card. Cleburts won the title from Chavala last August 23rd on a decision. Tonight's fight will be scored by three judges using the five-point must system. The referee has said he will be a referee.

## EARLY DRAFT COMES UNDER FIRE

The early draft of College football players by the American football league came under fire from two quarters yesterday. National Football League Commissioner Pete Rozelle sent telegrams to about 50 of the nation's top football prospects, urging them not to sign until after the N.F.L. draft December 27th. He said each player could decide where League can make the best offer. And Walter Byers, the executive secretary of N.C.A.A., said this "It would have been better if the American Football League had maintained its earlier intention to conduct its draft in December."

## MAY APPROVE EXPANSION PLAN

National League owners have indicated they may approve a revolutionary baseball expansion plan proposed yesterday by the American League. The plan calls for both leagues to expand to nine clubs in 1961. Then they would engage in inter-league competition for the first time in Major League baseball history. National League president Warren Giles (right) and American League president Walter O'Malley are in favour of the proposition. Other National League owners must officially approve it by December 30th. The American League said if the proposition is accepted, it will not put a team in Los Angeles until 1962.

## U.S. CLINCHES INTERZONE SERIES

The United States has clinched its Davis Cup interzone series against the Philippines at Brisbane, Australia. The U.S. doubles team over Dennis Bolton and Chuck McKinley scored a 6-3, 6-3, 6-3 win over Johnny Rose and Eddie Duma of the Philippines. The victory... combined with two singles triumphs in the opening day of the best of five series... gave the U.S. an unbeatable 3-0 lead. It reduced tomorrow's two matches to mere exhibitions.

# St. Catharines Tee-Pees coach is ill, team may have to look for new one

St. Catharines, Ont., Nov. 23 (UPI)—The St. Catharines Tee-Pees of the Ontario Hockey Association Junior "A" League may have to look for a new coach.

Their present manager, Max Kaminsky is seriously ill. He is being treated at the Buffalo and York General Hospital with pneumonia.

The Niagara Falls, New York, team coach who returned to hockey after a six year absence last year to lead the Tee-Pees to the Memorial Cup finals said that the loss of owner Rudy Polio, coach of the National Hockey League Chicago Black Hawks should find another coach.

Pauline Kaminsky, Max's wife, phoned Polio yesterday in Chicago and told him she should feel free to hire another coach since Max's illness was hurting the team.

Max feels it isn't fair to keep Rudy hanging," she said. She said Max was conscious of the Black Hawks' investment in the club and until

## ATTAINS ORBIT

A weather satellite launched from Cape Canaveral this morning has attained its orbit—America's 14th space success of the year. The Tiros-Two is carrying a pair of television cameras to photograph cloud cover from space. It's designed to provide data for daily weather forecasts—the first time for such an experiment.

## TECHNICIANS ON BOTH COASTS ALERTED

Technicians are alerted on both coasts to pick up photos from the Tiros and send them to a number of weather bureaus across the nation. The weather satellite is equipped to record the earth's cloud cover "back balanced"—a factor toward precision forecasting and perhaps, eventual weather control. Twenty-one nations have been invited to use data from the weather satellite.

## HIGH ALTITUDE BALLOON LAUNCHED

A high altitude balloon was launched over South Dakota this morning in conjunction with the launching of the weather satellite. The balloon carries equipment similar to the satellite's and will record by still photo the same general area the satellite covers in its first orbit. The helium-filled balloon was launched near Sioux Falls, South Dakota, will be cut down somewhere south of Battle Creek, Michigan.

## RIFT CONTINUES

An editorial in the Communist party newspaper Prava against Red China indicates that the rift between Moscow and Peking continues. Prava attacked the Chinese Communist position on key ideological issues. It defended Soviet Premier Khrushchev's statement that the Communist camp is so strong it can prevent war.

## TO PERMIT CONCILIATION COMMISSION TO VISIT LEOPOLDVILLE

President Kasavubu of the Congo is expected to permit a U.S. conciliation commission to visit Leopoldville now that his delegation has a seat in the General Assembly. Kasavubu had refused a commission visit until the U.N. decided whether to give the Congo seat to him or to ousted Premier Lumumba. Kasavubu will confer today with U.N. Secretary-General Hammarskjöld.

## REMAIN INDORS

Top U.N. officials in Leopoldville have told their employees to remain indoors today during a funeral for a Congo army officer who was second in command to Colonel Mobutu. Demonstrations are feared at the burial of the officer who was killed Monday night during an exchange of fire with U.N. troops.

## REPLACES DELEGATE GENERAL

French President De Gaulle has replaced his delegate general in Algeria, Paul Delouvrier. The decision was announced after a cabinet meeting on the next steps toward setting up a semi-independent Algeria and ending the six-year Algerian War. It is part of De Gaulle's "Get Tough" policy with enemies of his Algerian policy.

## "FOREIGN" HUNTERS?

Nationsmen are becoming all too too more concerned in their objection to hunters pursuing game on their land if they expect to get the consideration from the authorities to which they apparently feel entitled.

One of the most inconsistent statements to be heard since the problem broke into the news here several weeks ago when a farmer pressed charges against a hunter, is reported to have been made at this week's meeting of Victoria County Council. Quite the report:

"Both sportsmen and hunters did not object to local hunters who were vigorously opposed to the carloads of foreigners who come out every weekend."

Are nationsmen then being charged with violating anti-discrimination law?

If this report is true, then the farmers of Victoria County are really being charged with violating anti-discrimination law.

Before the farmers can hope to get a really sensible reply from the council, they will first have to determine whether or not they are opposed to hunting on their farmlands by anyone regardless of race, colour or creed.

## ONE THING TO REMEMBER

Now that the municipal election voters have started to bow, there is one thing the voters of Lindsay should keep clearly in mind — The mayor of this or any other municipality is only one man, he may hold one seat on council and has only one vote on any motion.

We point this out because all too often the voters of a community become so fired up over who they're going to have for mayor that they practically pay no attention whatsoever to the candidates for council.

In Lindsay the council is comprised of the mayor, seven, deputy-mayor and six members of council. It can readily be seen from this that if you were to elect an excellent mayor, seven and deputy-mayor, then turn around and elect six irresponsible councillors, the six could pass undesirable legislation through sheer strength of voting power.

A desirable council would be made up of the best available material throughout. An able mayor to be effective in administering the town's affairs must have capable men around him.

## SOME THOUGHTS ON WORK

VEN. T. P. CROFTWELL, M.A., rector of St. Clement's Anglican Church, Toronto, has made some interesting observations on the subject of "work" and unemployment which are worth thinking about. Writing in "The Telegram" on the subject "There's Dignity in Work. Keep It To It," he says:

"The curse of unemployment is that it deprives a man of a means whereby he may express himself, a means whereby his soul may grow and expand. For long periods of time may be come a sick man a large number of spiritually sick men may very easily lead to a sick society. And a sick society in its turn is a source of grief and hardships for the people."

A third element in the Christian doctrine of work is summed up in the word joy. Every man, if he is to remain at peace with himself and therefore a whole man, must have a sense of his own worth and significance.

It is not that but that he is needed, that society has a place for him, that he has a means whereby he may express the joy of life.

When we turn to the first pages of the Bible we see it throughout his work of creation God paused and we are told "And God saw that it was good."

## WELL DONE

When and where the acts of creation had been completed we are told that God looked upon them "And saw that He had made and behold it was very good."

We all need to take the time to look at our work and at our achievements and to enjoy them and allow our souls to be nourished by them.

Sometimes we spend too much time worrying about all the things that we have left undone, and for little time in thanking God for the contributions that we have been able to make through the work that we do.

It is good to have a blueprint to take time to go deliberately from room to room and enjoy its cleanliness, its beauty and its order.

### DRIVE INSTRUCTION BRIEF SHELVED

The Victoria County High School Area Board has decided to shelve a brief concerning driver instruction in high schools.

The brief outlined the provincial government's interest in such courses, the assistance available to school boards supporting the course, and the requirements necessary to obtain financial assistance.

Some of these requirements were as follows: that the courses must be held outside school hours and not interfere with the regular curriculum; that they must be under the control of the principal and authorized by the school board; there must be certain standards of instruction given to be maintained by the instructor.

The brief stated that student driver instruction was supported by both the Department of Transport and the Department of Education in Ontario. The decision to file the brief was unanimous.

### DEAR FELLOW CITIZEN

Each year a tremendous amount of sincere effort is put forth by the many business and community leaders of the Winter Employment Campaign, but a great deal more must be forthcoming from business and industry and from the public if we are to make real advances in cutting back the tremendous loss in production, wages and purchasing power each winter — a loss which has been estimated at \$300,000,000.

I realize that so far our annual campaigns have not brought about any dramatic reduction in seasonal unemployment, but I am hopeful that we will be able to convince me that a real reduction in seasonal unemployment could take place if everyone got behind the pro-

### 5K new Yolverton school site, ratepayers approve debentures

Yolverton 1958 ratepayers' approval of construction of a new school site, S. S. No. 1, Harvey (Yolverton) public school endorsed the line of action taken by the trustees at a well attended school meeting this week. The considered site of the future new school was accepted and the trustees were authorized by a strong affirmative vote to issue the necessary debentures to cover the cost.

Revelation of the present school, of centennial vintage, was made most impressive by the widening of the existing highway to encompass present and future school site.

It is reported, a satisfactory settlement with the Ont. Dept. of Highways will be reached in part the high cost of the new school site.

## Price to ask Balczer to get on with project during the winter

Lindsay's Parks Board has come up with the first workable suggestion for alleviating winter unemployment in this area.

Parks Commissioner T. R. Price says he has written Transport Minister Leon Balczer to see if he could influence a work project which was to be initiated scheduled for some time next year.

The project the parks board would like to see started this winter would be the replacement of the proven logcabin on the Trent River north bank at Lindsay and King Sts. in Lindsay.

Mr. Price says the board learned the work was going to be done anyway and it was now urging an early start to alleviate a possible work shortage in this community. While he didn't say it was likely, it is possible the parks board is planning to participate with the city in landscaping wherever possible on land.

Repairs to the locks there have been in progress for several days.

Dr. Truman Stevenson Joins Mariposa Firm

Dr. Truman Stevenson, former medical director of the hospital, Canadian Dept. of Agriculture Research Branch, has joined the firm of Hogg & Lytle Ltd. Mariposa seed merchants, as technical adviser.

General Manager T. R. Stevenson's appointment earlier this week, Hogg & Lytle Ltd. has established a good many years ago by the late A. O. Hogg and Edgar Hogg, one of both founders still watch the progress of the business with interest. They are the sons of the late A. O. Hogg of Toronto and John Lytle of Oakwood. Actually the firm saw its beginnings in the village of Oakwood where A. O. Hogg kept a general store and took an active part in the church life of the community. Mariposa is about 15 miles south of Oakwood.

## For lies to Peirce questions Buckley getting road boss job

For fire in county council committee Wednesday support. When Revere Peirce of Lindsay asked the issue of Herman Scales' appointment as general foreman of county roads, it had absolutely nothing against Mr. Buckley," he said. "I assume that the vacancy was made known to other county road employees in case they wished to apply for it, and if their applications had been screened and none accepted, then the position must have been advertised and should have been advertised."

County Engineer and Road Supervisor Herman Wilk explained that there had been a slight error in a press report. He said that he had been officially appointed yet, he said, "However, I have promised him that he would be given the position after he has been relieved of all municipal responsibilities, which he will do on the first of December."

Several members declared they had not complete faith in Herman Buckley, and who, however, had supported him, but added that they would feel the position should have been duly advertised. Another member said he would council decided a few days ago that with the appointment of an assistant engineer, with the position of general foreman for at least a year.

## Mayor-aspirant Holtom promises over tax rate, platform "five-point-er"

Mayor-aspirant Joseph C. Holtom has announced a five-point tax rate for Lindsay as a platform "five-point-er". In a statement issued Thursday, Mr. Holtom said that he had received a number of inquiries lately regarding the new assessments. Several items are suggested, or were, but just after our conference. He said that the council should be corrected at the County of Revision. However, as a result of the meeting, he said, "I will make the new assessments, several items are suggested, or were, but just after our conference. He said that the council should be corrected at the County of Revision. However, as a result of the meeting, he said, "I will make the new assessments, several items are suggested, or were, but just after our conference."

"It is difficult to estimate the exact cut which can be expected in the rate and believe it can safely be predicted that the rate will be lowered to a degree beneficial to the average home owner. The firm to give Lindsay citizens at rate depends greatly on the good value for their tax dollar."

## in farmer vs. hunter works

Reeve Harry Peirce of Lindsay has thrown another monkey wrench. This one landed the farmer vs. hunter legal work.

Lengthy debate on the hunter-landlord problem in county council Thursday afternoon resulted in a motion that a delegation of the agricultural committee, along with J. McQuarrie and any other interested person, meet with the Minister of Agriculture to protest the present legislation.

Reeve Peirce threw a monkey wrench into the whole works at this point by referring the matter to the county council.

## NOTICED along the way

That now that the hunting season is just about over, fishing will likely become a popular topic of conversation among the residents of the county.

There is a difference for the last few months will be local. Instead of fishing being done by nobles in a bubble or while taking in the sun in a boat on the water, it will be done in a hole in the ice.

One part of the report which was particularly blunt headed in the present legislation, was that the county jail "medieval and unsanitary."

Clark F. Weldon produced a letter from the Department of Reform Institutions signed by the chief inspector.

The letter advised the curtailment of any capital expenditures on jails and prisons pending results of a new study by the advisory council to the Minister of Reform Institutions.

After leaving the letter, it is noted that the grand jury's report be left over till the 1967 council session.

If you like fish but neither want to be in the water or cold weather, there's a way you can have your fish at arm's length.

It is a matter of fact that you can have your fish at arm's length in a hole in the ice.

## County council concurs with resolution on religious freedom and transmutations

Victoria County Council studied a resolution submitted by Lincoln County this morning concerning religious freedom and transmutations.

It was found to have a fund of money to be used for religious freedom and transmutations.

The latter stated that the law of all children should be fully protected, and also, religious freedom should be up held by the province or the Canadian Medical Association.

Persons wishing more information of obtaining the effect of a blood transfusion, without giving blood.

Cost councillors, after giving the resolution careful thought, felt that it was a critical government. If such a matter could be devised, then going after treatment could be given to any religious creed or dogma.

County Clerk F. Weldon pointed out that probably the main stimulus to the resolution was the fact that the province's Witness religion which forbade blood transfusions and which has caused considerable upset several times in the last few years.

Reeve Peirce said that this year, council had endorsed a resolution for the government to arrange legislation so that a child could be temporarily made a ward of the Children's Aid Society.

The resolution was passed by a majority of 10 to 5.

## Residents warned by C of C

Lindsay residents are warned by the Chamber of Commerce to be cautious of town contractors soliciting business door-to-door.

The Chamber told that the Post Thursday that Police Chief John Hunter of Lindsay advised that some contractors may be operating in town without a proper license or may not be doing reliable work.

Residents who are approached by contractors may be asked to see if the party is properly licensed by phoning the City of Lindsay.

The Lindsay Chamber of Commerce is taking these chances as taken when residents are approached by local contractors.

## Council told to lay off for awhile

The controversial report brought in by the grand jury at this year's session of the Lindsay was studied by Victoria County Council Thursday.

The report was referred to the grand jury.

One part of the report which was particularly blunt headed in the present legislation, was that the county jail "medieval and unsanitary."

Clark F. Weldon produced a letter from the Department of Reform Institutions signed by the chief inspector.

The letter advised the curtailment of any capital expenditures on jails and prisons pending results of a new study by the advisory council to the Minister of Reform Institutions.

After leaving the letter, it is noted that the grand jury's report be left over till the 1967 council session.

# Council okays site for trucking firm

A special meeting of the council Monday saw approval given to final arrangements for the sale of a piece of land in the vicinity of Highway 104, for trucking firm planning on moving to Lindsay.

The firm, known as the "Viking," has been in business which has a branch in Ott Township.

The meeting called by Mayor DeGroot told council the trucking business had been located in Peterborough, but decided to stay in Lindsay where it had been for 10 years.

The property, except for a small strip still held by the town, is presently owned by the City of Lindsay. The City Commission, and council had to give approval for a strip of town property to be sold to the firm.

Mayor DeGroot said that the Viking was located and yet within the town limits. The firm is now in the process of moving.

# THE HUMAN MIND AND BODY

By Peter J. Steiner, M.D., F.A.C.P.

**THE TOUGH LIFE**  
Dear Dr. Steiner: Last week I was reading your column and I was saying to myself, "I wonder why I am so tough."

**Take me, for example.** I am now, 61, and I feel like I am a little girl at the age of 61.

**My mother was a preacher's daughter.** She was the first girl in her class to be a member of the church.

**No washing machine.** No dryer. No pump. Just a tub. It was a full back yard from the house. But it was such good, sweet, sweet water.

**We washed for 6 people on a tub.** We washed for 6 people on a tub. We washed for 6 people on a tub.

**My father made the coffee.** He made the coffee. He made the coffee. He made the coffee.

**My mother made the coffee.** She made the coffee. She made the coffee. She made the coffee.

**My father made the coffee.** He made the coffee. He made the coffee. He made the coffee.

**My mother made the coffee.** She made the coffee. She made the coffee. She made the coffee.

# Made over \$1000

Final results tabulated by the Lindsay "Kid" Doll show. The production, staged a few weeks ago in the Academy Theatre, saw large crowds from Lindsay and district and was attended by all who saw it as a remarkable success. "China Doll" was directed by George Zarfas and all the cast was made up of local talent.

## Noticed along the way

It begins too close at hand with his brother Charlie Victoria County Council as he has to consider designing armed around the county court house. All least that he doesn't put too much stock in the sold-out press and the local press but allegedly doubtful in (other quarters) may have been made to appear in the wrong light.

Other prominent visitors to Lindsay this week included K. William Lloyd Robertson who played baritone manager. Ontario Times-Gazette, Mr. Robert West, who received his training at the Lindsay Daily Post and has often remarked that he doesn't know what he would have done for a living if he hadn't received those injections of the editor's ink at all early age. (Did Note?) nothing like the old injection to get a man on his feet).

## Mrs. Geo. Jackett celebrates 91st birthday

Everybody comes to Lindsay Saturday. This dropped in and today Julius Caesar (or the reasonable facsimile) is put on in an appearance at the town's old time music hall—the Academy Theatre. ## Wedding

### Quin-Anderson

A twin but, pretty wedding was solemnized in St. Wilfred's Anglican Church, Weston, when Teresa Westwood, youngest daughter of Mrs. W. Anderson, Weston, was united in marriage to Clifford Fowler, son of Mr. and Mrs. Clifford Irwin, Hartley.

Basket of autumn flowers decorated the church provided a lovely setting for the ceremony when the Rev. Murray Wilkinson officiated.

The bride was given in marriage by her uncle, Mr. Jack Cassin, Weston, and wore a ballerina long gown of white tulle with a square neckline, fitted bodice and a bouffant skirt. Her hair was styled in a bun. Her shoulder-length veil of tulle illusion fell to a dainty cross of sequins. She wore a cascade bouquet of mums and red roses. She was wearing a collar of the groom's decoration, a veil of the groom's.

The bride was attended by her sister, Mrs. Bob Gertin, of Oakville, who was dressed in blue tulle, with a long necklace and fitted bodice and full skirt with scalloped hem. Her hair was styled in a bun. Her shoulder-length veil of tulle illusion fell to a dainty cross of sequins. She wore a cascade bouquet of mums and red roses. She was wearing a collar of the groom's decoration, a veil of the groom's.

The groom was attended by his cousin, William McEwan, of Lindsay and the ushers were the groom's brother, Kenneth Irwin, of Hartley, and David and Mr. Patterson were given in marriage by the groom's mother, Mrs. George Jackett, Lindsay, and his family in Fenelon Falls. Last year (IMTRCA) visited Lindsay February after Mr. and Mrs. George Jackett, Lindsay, and his family in Fenelon Falls.

Following the signing of the register, the bride and groom were presented with a white Bible from the minister.

The reception was held in the Old Mill, Toronto, where the bride's mother received in a grey suit with matching accessories and wore a corsage of pink carnations. The groom's mother looked lovely in a two-piece old-fashioned cord dress, brown dress and olive green accessories. Her corsage was of brocade mums and yellow carnations.

The bride's table was centered with a beautiful three tier wedding cake which had been made by the groom's mother, Mrs. George Jackett, Lindsay, and his family in Fenelon Falls. Last year (IMTRCA) visited Lindsay February after Mr. and Mrs. George Jackett, Lindsay, and his family in Fenelon Falls.

For her going away outfit the bride chose a green wool suit and following the trip to Buffalo, Mr. and Mrs. Irwin took up residence at 27 Brant Ave., Kew Beach.

Out of town guests present included those from Lindsay and Oakville.

A happy visit was enjoyed and many pictures were taken of the four generations present at the party.

## Miner Freed!

### Imprisoned in mine since Saturday

Timmins, Nov. 22, (UPI)—British immigrant Alan Rose was freed from his underground prison at the Hollinger Gold Mine in Timmins shortly before 11:30 a.m. today.

The 27-year-old miner who had been trapped following a Gold Mine caving 2 p.m. Saturday, was immediately rushed to hospital.

Rescue workers, firing dynamite, cutting through the ward the miner pulled him clear of the rubble ending his 70-hour ordeal.

He was carried from the mine on a stretcher, his miner's boots still on his feet.

The left side of his face was scraped a little more than that it showed very few effects of his ordeal.

As the plumber-turned-miner was brought to the surface he said, "I believed due to the fact that drugs had been administered earlier to relieve him of pain."

Officials at the mine said this morning they had not expected to get Rose out until some time after 4 p.m.

The rescue came to a surprise to anxious watchers at the pit head.

Rose will undergo examinations and treatment at St. Mary's hospital in Timmins.

## Gill puts clamp on Cavaliers rumour

At least 12 floats are expected. Kinnamen Band and the Lindsay Club parade scheduled to move through the heart of Lindsay on Saturday.

C. of C. President Peter Gill has decided the new location of the church and church hall will be on Highway 74 west of the village. It had also been agreed to accept the offer of the Dept. of Highways for cash to settle. No date has been fixed as yet as to when Noah's Ark will be removed from Mount Asarat to its new destination.

Decorative Lights  
Lindsay's decorative lights will likely be in place before Christmas. An order for the Kiwanis Cavaliers' drum light has been sent to the supplying company Dr. Gill said the lights would probably be up and glowing about one or two weeks before Christmas.

The C. of C. President indicated that about \$1,500 was still needed to finance the project and he was hopeful donors would step up in size and volume now that definite action has been taken.

## Who says railway hasn't passenger appeal? 1,000 passengers coming to Lindsay on steam powered train

An estimated 1,000 people will arrive in Lindsay next May 7th aboard a train hauled by a steam locomotive. That's the word from a man who doesn't subscribe to the belief held by some that railway travel has lost its appeal. The man is Charles Sauriol, chairman, conservation areas, Metropolitan Toronto and Region Conservation Authority (MTRPA). The trip is under the sponsorship of the Don Valley Conservation Association and the picture above shows a J.C.-coach train pulled by the made the scheduled journey to Mount Albert. Asked why Lindsay was chosen for the May trip, Mr. Sauriol said there were three reasons: (1) It was a satisfying

ride (2) beautiful scenery on route and (3) just long enough on board to prevent undue restlessness. The train will be drawn over the route by the CNR's only remaining Ontario steam locomotive. A general meeting of interested people is scheduled for early January in the Oak Room, Union Station, Toronto, and Mr. Sauriol says he plans to have the delegates present from Lindsay's Council, the Chamber of Commerce, the press and others desiring to contribute to the success of the undertaking. Among the prominent Ontario people expected to make the trip will be the Hon. Leslie M. Frost and Fred C. Gardiner. The trip will be the first in a continuing series.

## Cannington men plead "not guilty", reserve judgment in shooting case

Peterborough, Nov. 30. (UPI)—A Toronto deer hunter, who missed death by half-an-inch after being shot in the neck shouted "not shoot" just before he was wounded.

Wendel J. Tsuch, age 53, told a Peterborough court that he had been starting a campfire when he heard a shot, halted and started to leave behind a rock.

Tsuch said that after he was shot in the neck he called for help and saw two men walking away from the ridge at the Allan Lake hunting site, near Peterborough.

Edward Trench, age 56, and Ronald McEachern, both of Canby, pleaded guilty and magistrate W. R. Philip reserved judgment after December 13.

Philip told Trench, of Appleby, said he talked to Trench shortly after the shooting and Trench told him, "I think we shot a man but we thought he was a bear."

Cloudy with sunny intervals and a few snowflurries. Cold. Winds west 20 to 30 today becoming 10 to 20 tonight and Thursday. Low tonight and Thursday at St. Catharines, 10 to 20 tonight and 31, Hamilton 20 and 35, Trenton 20 and 32, Peterborough 15 and 32, Kitchener 5 and 25, Muskoka 15 and 25. Summary for Thursday—Fair and cold.

## SHAMROCKS WEAR DOWN LUMBERMEN FOR CLOSE 6-5 VICTORY

Bowmanville Shamrocks wore down the Pinsey Lumbermen last night at the Elvans Arena to come from the back in the third period for a win. Pinsey's led 3-1 at the end of the first period and matched the Shamrocks goal for goal in the second period. The Green Shirts however rallied for three unanswered goals in the final frame.

The first half of the game was a high speed wide open contest, but midway in the second period the Shamrocks laid down a close checking back to protect against a major penalty and they never lifted it. From then on it was a man for man argument and Lumbermen just couldn't get rolling. The Shamrocks meanwhile took full advantage of Lindsay's inability to get the puck out of their own end and Kemp had little chance on their screened shots through goal-mouth pile-ups.

Five Lumbermen shared in the scoring with Hutton, by Neil, Graham, and Horton beating Vanstone in the Bowmanville net. For the Shamrocks, Denny Masters led with a pair, and singles went to Polard, Olinski, Walke, and McGill. Thirteen penalties were called in the contest, and the only goal scored by either team with a man advantage was the winning goal for the Shamrocks. The Bowmanville crew incidentally is a brand new crew with the exception of one player, Buck. They also sported natty new green and white uniforms from the boots up.

The ruggedness of last night's contest brought several injuries, with Johnny Horton leaving the game midway in the second period for stitches after being charged in to the boards in the Lindsay end. Bowmanville goalie Vince Vanstone had to retire to the dressing room for a few minutes after a split lip from a fist of the green team. Ross McGill was helped off by a third period after a rugged check.

Last night's game was over six minutes old before a goal was scored. Tommy Hutton

front of Vanstone. Larry Neil and Fred Dart all had a hand in it. With the Lumbermen controlling most of the puck during the first period, Vanstone had a busy time. Ron Jay put the Lumbermen two up with a screened shot from the blue line midway in the period. This sparked the Shamrocks and Kemp robbed Margerison and Lyle in close near the twelve minute mark and again less than a minute later came up with another terrific save. The Green Shirts would not be denied however and netted their first goal at 13:31. Pollard lifted the puck over Kemp before a gang up at the crease. Jack Graham drew the first penalty seconds later for boarding but the Lumbermen held on successfully. Neating the seven minute mark, after a face off in the visitors end, Neil and Denny Masters of the core and Larry Neil was Johnny-on-the-spot to bang in the goal.

Just before the period ended, Graham circled the Bowmanville defence and was given a rough passage along the boards. With no whistle on the play, Don Kelly decided to go on a score and was charged two minutes for his trouble. Preston of the Shamrocks followed just over a minute later for the same offence.

At the start of the second period, Vanstone made an exceptional save to rob Larry Neil in close. Bowmanville did score when Denny Masters tricked into the Lindsay end. Margerison and Pollard drew assists. The Bowmanville returned the favour less than a half minute later when Jack Graham fired after Spratt and Kelly carried in close. Rick Groulx drew the first penalty of the second period for high sticking and had a nice long rest when Villavelli added ten for Groulx's opinion of himself. Ross McGill did a neat bit of lugging the puck to kill off the minor penalty.

Jim Olinski put Bowmanville within one goal of the Lumbermen again at the six minute mark firing from the blue-line with a pile-up around the goal. Horton got that one back at 9:18 when he broke up a Bowmanville attack at their blue-line and went in alone. Twenty seven seconds later Horton and Pearson repeated the act, all but the scoring as Vanstone out-guessed them. At 10:38 however Horton had to leave after being dumped into the end boards, and suffering a gash under his chin. Pollard of the Shamrocks was tagged for the major and raised quite a fuss claiming the referee got the wrong man.

Facing a full five-minute, one-man shortage, the Shamrocks put together a solid blocking barrage and the Lumbermen never were able to tear it apart. It worked so well the visitors were not scored on after that time. Four minor penalties finished the second period. Lyle for hooking at 17:11, McGill for the same offence at 18:39, Ross Masters and George Kemp got a minor each for a slashing dual at 19:36. Don Clapper served the two minutes for Kemp.

Bowmanville's paining attack failed to improve with age as they worked into the Lindsay end and maintained considerable pressure throughout the period. As a result they had the tying goal in the net shortly after midnight. Bun Walsh scored first as he headed across the crease and tucked the puck inside the post when Kemp made his move. A three man breakaway with one man back produced what proved to be the

tying goal at 11:03. Margerison tallied assisted by Richards and Lyle. Graham was chased for elbowing at 14:21 but his stay only lasted eight seconds in Denny Masters' batted in Cowie's rebound to put the Shamrocks ahead for the first time in the game. Cowie was tagged for hooking six seconds later but the Lumbermen couldn't do much about it. The close checking allowed the game to be tied by the end of the third period. The Green goal lead which they made stand up for the win. Coach A Burns removed his goalie in favour of an extra attacker during the last minute but to no avail as the Shamrocks forced the play into the Lindsay end.

## Rough Riders' Ron Stewart may play for Argonauts

Toronto, Nov. 30, (UPI)—Ron Stewart, the mighty-mite of the Grey Cup Champion Ottawa Rough Riders, will be coming to Toronto next year... whether he plays football for the Argonauts is a different matter.

Stewart, in Toronto, to pick up a sports car he won as the most outstanding player in the most outstanding school in Toronto last season and playing football in Ottawa seems impossible.

"I know Russ Jackson, (Ottawa's Quarterback) commuted two years ago," he said, "but he was at the Ontario College of Education where they write only final exams. I'll be taking a course for a few weeks, then writing an exam in it, and starting another course."

"It'd be awfully tough to miss a day or two every week, and I don't think the Law Society would take too kindly to it."

Earlier in the season when the Toronto move became known to Ottawa officials, General Manager George Dwyer commented, "we'd consider trading him to Toronto rather than keep him out of football, but we're in the business of winning football, and we aren't going to give him away."

Frank Clair, the Ottawa coach, said at the same time, "I'll be glad to trade him for Dick Shatto or Cookie Gilchrist."

Stewart said there was a possibility that he might sit out a year.

"But," he added, "I certainly don't want to. I've reached the position where

### BURROWS VOTE THIN EDGE OF WEDGE

A bylaw to change the name of Perthshire Drive in Lindsay to Perthshire was passed by the town council Monday night.

The original motion of council to have the necessary bylaws passed, it required two yeas. However, Monday night, the vote was 11-10. The bylaw turned into a theory debate, which finally ended in approval. The controversial name change must still be approved by County Judge A. McCall.

"What happens if the judge turns it down?" asked Jos. Holt.

"As far as I know, that's it," said Town Clerk W. R. Kelly.

"I'll check on that though," said Mr. Chairman, interrupted Bruce Maden, "I'd just like to see what the residents in Perthshire think."

The British, "The People's Choice" was telling as when this matter first came up.

"We got a lot of letters from residents in Lindsay and I hate to see them changed."

"I just wonder how far these things can go—people can't go on and on and on and change the name."

"I think it's a good idea," said Mr. Chairman.

### Woodville Firm Opens Lindsay Unit

An old-established and highly respected Woodville firm has opened a unit of its business at Lindsay. M. J. Stodart and Son Ltd., officially opened its Lindsay furniture home to the public on Sunday. At one time the home of a retired Bank of Montreal manager, the building was converted to a funeral home by Lloyd Burrows who came to Lindsay from Hamilton several years ago. When the Stodart firm acquired the property, it proceeded to extend and completely renovate the structure. Visitors to the main chapel will be impressed with the exquisitely plain wooden cross (right) which faces the mourners as they take their leave.

# Executive meeting of Lindsay Presbyterian WMS held at Beaverton

Woodville (PNS)—A full meeting and prayer by Mrs. Whelan.

While the ladies were gathered a cup of tea and cookies was served by members of the Executive from Beaverton.

The meeting was called to order and Mrs. Whelan led in prayer. After service the expressed delight that so many were present it being the largest executive meeting held for a long time. Mrs. Whelan said it showed a keen interest in the work of the W.M.S.

Minutes of the last Executive were read and approved. The treasurer's report and financial statement were presented to the finances of the Presbyterian.

Mrs. Whelan then introduced some new members who were present. These included Mrs. Locke, Mrs. MacQuibb and Mrs. Munroe, wives of the new ministers in Lindsay.

Next Mrs. Embree with Rev. Embree as Missionaries under the Presbyterian Board of Missions. Mrs. Embree expressed regret at leaving this Presbyterian but the said that these hearts are in the Christian work of the four days she had spent.

The universities of the W.M.S. to be celebrated in 1964 were then discussed and information given out regarding the same to be taken back to the auxiliaries.

The four vice-presidents then reported on their visitations for the past year. This was followed by reports from all of the secretaries who were present in most departments. It was urged that each auxiliary have a letter to be sent to the Executive before the end of the year.

The annual meeting to be held in St. Andrew's Presbyterian Church in Beaverton in January was then planned. Mrs. Whelan announced that the next meeting will be a special discussion on Christian Education Committees in the W.M.S.

Mrs. Whelan then reported on the fall meeting of the Synodical Board which she had attended in Toronto in October.

She spoke of the overseas dreams of Miss Mary Whelan, the first of the series of the Frieda Mathews. She said that friends and figures speak for themselves and are not doing all we can and are not doing in membership and financial in the senior Department.

## THE HUMAN MIND AND BODY

By Peter J. Steinhilber, M.D., F.A.C.P.

### Lessen Tension at Home

Dear Dr. Steinhilber: In the home from which I put all short periods of about two weeks on my suggestions to you, my home life has been stressful. And they work. Transformed from a daily bad. Sincerely, Mrs. L. California. I transformed into a peaceful "coun- cillor." You're welcome to visit! And I have you to thank. Thank you for you. Thank. Thank that I want to **Difference Between Heart Attack and Heart Failure** and feel conscious-stricken. Dear Dr. Steinhilber: I wonder if you would clarify some thing for me. What is the difference between heart failure and heart attack. Is it all the same or is there a difference? My friends and I have had quite a few arguments about this. I hope you will settle this for my reason. I hope they will. I regret them. Here they are: "BE A GOOD LISTENER. Your husband can't take it off the people at the office. (And one can go running to a psychiatrist all the time.) There fore you're IT. Listen, even if you only go through the motions of listening. A harasser needs to get it off his chest or he will bust — one way or another. Besides, if he can't come to you, he will go looking for "someone who understands him."

Then, there was also something I think every married woman should stop and stick on her mirror so she can read it every morning. "LEARN TO RELAX." That's just as important for your husband as it is for yourself. Tiredness is the common enemy of tranquility in the home. You will miss, cough and shortness of breath. You see there are many ways to deal with heart failure. Depending upon the individual the day. Take an afternoon nap. Don't waste hours on the phone. Don't go on for shopping spree every week and bridge parties every other afternoon. You will kill your husband's spirits if you greet him like a failure (or attack).

ANSWER: There is really no difference. Each is a different phase that falls far short of telling us just what has happened to the patient. Only when we become more specific do we describe what has happened. For example, in a man who has just had an attack of coronary thrombosis (or failure) his coronary arteries it means that a short report of Dr. McMurphy's address given at Oakwood. A moment of silent prayer was observed in memory of still another member, Mrs. Richardson, who had just passed away since the last meeting.

The devotional period was presided over by Mrs. E. Patterson and opened with the hymn, "In Christ There is No East or West." The scripture was read by Mrs. Miller followed by prayer by Mrs. E. Patterson. A beautiful solo, "I am My Shepherd" was rendered by Miss O'Geen.

The offering was then received by Mrs. Elvige and Mrs. Ross, and ended by singing, "We Give Thee but."

The study book was introduced by Mrs. L. W. Scott who drew attention to the study for the whole church for the year, "Into All the World Together." She spoke briefly of the book, "The Ship Under the Cross" and gave a short account of the author's life, John Webster Grant, before showing the "Himnary." There was a word which gave every one a present a very clear understanding of the word "cannical." Mr. Ray Patterson very kindly assisted in the showing of this himnary after which the president closed the meeting.

Mrs. Scott and her group then served a delicious lunch.

The study book was introduced by Mrs. L. W. Scott who drew attention to the study for the whole church for the year, "Into All the World Together." She spoke briefly of the book, "The Ship Under the Cross" and gave a short account of the author's life, John Webster Grant, before showing the "Himnary."

There was a word which gave every one a present a very clear understanding of the word "cannical." Mr. Ray Patterson very kindly assisted in the showing of this himnary after which the president closed the meeting.

Mrs. Scott and her group then served a delicious lunch.

# Yellowknife: Bridging Gap Between Two Worlds

700 air miles from Edmonton, on the shore of lonely Great Slave Lake, the town of Yellowknife, which made in barely 25 years ago a gold rush settlement, today the scene of a unique educational venture designed to bring high school opportunities to 200 students from 12 northern communities. Two-year-old St. John's Franklin School, named for one of the country's great explorers, has attracted students from the far corners of Canada's west northward. From Old Crow in the mountains of the Yukon, Great White River east of Hudson Bay and remote islands high in the Arctic Ocean, boys and girls of Eskimo, Indian, Métis and White descent have travelled to the tiny but thriving community (population 1,800) commanding the Yellowknife. Here they will find a wide range of educational opportunities, from the rudimentary to the advanced, and a chance to bridge the gap between two worlds.

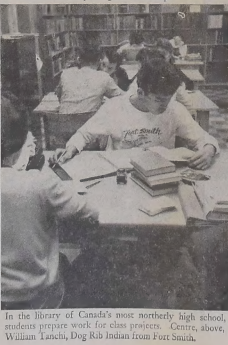

At Yellowknife in the Northwest Territories, the St. John's Franklin School offers an educational program in English, Canadian, and social studies, as well as a wide variety of vocational training classes to help the students who

come to the school from remote northern parts of Canada's northward. Here, students of Indian, Eskimo and White heritage are part of an unusual experiment in high school learning, as well as a fine example of good citizenship.

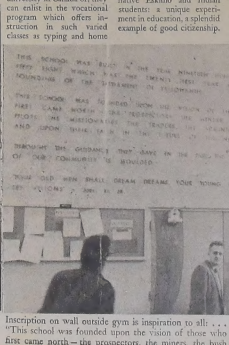

The 3 million-dollar high school, with its accompanying residences and education, is regarded as a landmark in Canadian education, offering as it does an integrated system for all pupils, regardless of race or creed, geared to their academic abilities and vocational needs. Latest enrolment figures show a total of close to 200 students registered for the present school term, of which approximately 26% are of Indian extraction and 14% Eskimo. Last year's heavy snow was an attractive feature of the school, which is a beautiful blend of modern and traditional architecture. As Yellowknife's largest school, it is a place of business and social life, and a place of pride for the community. The school is a place of pride for the community, and a place of pride for the community.

Inscription on wall outside gym is inspiration to all: "This was founded upon the vision of those who first came north—the prospectors, the miners, the bush

pioneers, the missionaries, the traders, the administrators—and upon their faith in the future of the North. ... Your old dream dream, your young new dream, your vision."
